ALBA 1 0125

Flipping up the sofa backs brings support and comfort to your back.

Flipping down the sofa backs gives you a grand view of a sofa set with the modern low-back design.

The slim-look on the arms and seat-cushions is the main design concept of Model ALBA. The color-contrast borders on the arm frames enrich the contemporary flair of the model.

ALBA II 0126

ALBA II 0126

ALBA II 0126

ALBA II is the showy version of the model. The stitching lines on surface of the upper front give fashion elements to the sofas which represent the love of elegance and appreciation of fine detail.

Highly reliable Italian mechanisms, including gas lifts, flip up and create strong back support while sitting.

MASIO I 0123

3D

The slim-look on the arms and seat-cushions is the main design concept of Model MASIO. The color-contrast borders on the arm and back frames enrich the contemporary flair of the model.

The Special Edition of MASIO I features trendy air holes on the color-contrast border which is available on request.

MASIO II 0124

SXR

4LA

ST2

A matching stool of Model MASIO is available as an option.

MASIO II is the showy version of the model. It comes with strong visual effect of tufted squares at the exterior of the sofa backs and arms.

MASIO II 0124

The smooth and round outline of the seat-frame is a contemporary feature of Model MASIO. It's particularly well-presented with the corner-chaise unit.

SENISE 1 0115

SENISE I 0115

SENISE I 0115

Model SENISE goes particularly well with ultra thick (3mm) leather. The rather clear-cut design of the back & seat cushions let you better feel the rich volume of the ultra thick leather. The lines-and-details at the edges and frames bring up the strong stitching lines which can only be realized with ultra thick leather.

Optional head-rests are available for higher requirement of back comfort.

SENISE II 0116

The special design of the base frame runs from the seat base to the arm sides which gives a clear definition for the modern 2-tone color scheme on the sofa set.

APICE 0121

SXRHM

4LAHM

APICE 0121

The optional stool possesses the matching design of stainless steel base and sofa feet.

Model APICE features comfort-soft cushions (ALL back, seat and arm cushions) which have a layer of natural feather underneath the cushion leather.

Highly reliable Italian mechanisms create strong back support while sitting.

VINOVO 0120

VINOVO 0120

VINOVO 0120

Optional head-rests are available for higher requirement of back comfort.

Model VINOVO features comfort-soft cushions (ALL back, seat and arm cushions) which have a layer of natural feather underneath the cushion leather. The cores of the cushions are still made with high density polyurethane foams that ensure the sitting support and durability.

LATINA II 0118

4RA

SXL

LATINA II is the showy version of the model. It comes with strong visual effect of tufted squares on seat and back cushions.

LATINA II 0118

The optional stool possesses the matching design of squares-on-seats and stainless steel front base.

The trendy feature of squares-on-seats helps better retain the appearance of the sofas after years of sitting.

LATINA I 0117

LATINA is a model with a multiple-level design feature on the frames which offers a rich yet contemporary appearance. The stainless steel front base emphasizes the modern concept of Model LATINA.

ANSON III 0127DC

SXR

4LA

STG2W

Optional coffee table with tampered glass top and matching leather & stainless steel base design of the sofa.

Crocodile-skin-printed leather is specially used for upholstering the entire frames and arm-exterior of Model ANSON III. This Third Version of Model ANSON is slightly re-configured from ANSON I to give a better definition for the placement of the Crocodile-skin-printed leather.

ANSON III 0127DC

Adding "DC" at the end of the model number creates an option of having a prestige electro-plated color of "Dark Champagne" on the stylish and unique stainless steel feature of Model ANSON.

The crocodile-skin-printed leather covers the back side of the back frames enriches the luxury flair of the model.

FARINI 0122

FARINI 0122

The special cavity of the sofa arm provides functional storage as well as a new and extra design dimension.

The vivid color-contrast border on the sofa frame is the main design feature as well as the definition of Model FARINI.

The special double-stitching that turns without crossing-over one another is a value-added feature that can only be realized with highly-skilled hand work.
