OLIVA IV 0219B

SXR

4LA

5cm wide glossy and solid stainless steel plates are fixed at the base frame all the way around the sofa. The design concept of Model OLIVA redefines the beauty of stainless steel with luxury leather sofas.

OLIVA IV 0219B

OLIVA IV 0219A

Two optional back cushions are available to choose from. The Style A offers firmer support at the back which also enhances the consistency of the cushion appearance after years of sitting.

OLIVA IV 0219B

The Style B back cushions are constructed with softer inner fillings which deliver extra comfort and easy appearance of the cushions.

Extra thin solid stainless steel legs give a light look to the sofa design without comprimizing the structural stability of the sofa..

The matching coffee table (no. MTC3) comes with solid stainless legs and tampered glass.

OLIVA IV 0219A

The optional headrest (no. HR2) gives additional support from neck to head.

OLIVA IV 0219B

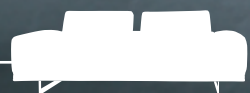

The headrest (no. HR2) goes well with Style B (and Style A) back cushions.

OLIVA I 0218A

4D

AC43

Model OLIVA III & IV are the alternative versions of the model which do not have the wide stainless steel plates. That gives an alternative for those who like the clean-cut design of Model OLIVA but want to keep the stainless steel element in a lower profile.

The matching armchair, Model RIANO (no. AC43), comes with the swivel function and clean-cut chrome base. There is an alternative design, Model MICELI (no. AC44), which does not have the swivel function nor the chrome base (please check P. 72)

OLIVA I 0218A

Extra thin solid stainless steel legs give a light look to the sofa design.

The optional stool (no. ST2) has the matching base frame and legs.

FERLA II 0213

SXR

4LA

FERLA II 0213

The "Zebra" effect of stainless steel tubes and leather on base frames creates a special contrast between metal with showy-gloss and leather with homey-comfort.

Straight line tufting on a one-piece back cushion delivers better lumbar support while sitting.

The low-arm design always allows more different sitting postures and angles comparing with higher arm designs.

The matching coffee table (no.MTG3) comes with solid stainless legs and tempered glass.

FERLA I 0212

4D

1D

FERLA I 0212

Model FERLA I is the minimal version of the model. Now, the design focus will be on the beauty of the horizontal lines at various levels as well as the particular sitting comfort.

FERLA J 0212

The optional headrest (no. HR2) gives additional support from neck to head.

The optional stool (no. ST2) has the matching base frame and legs.

COMISO II 0215

1D

4D

Small plus-shape stuffings in contrast stitching colors (as a standard) on seat cushions offer a lighter and more uptrend alternative to ordinary square-tufted seats.

The optional coffee table (no. STG3W) can always be custom-made with the matching leather color of the leather sofa group.

3-way stainless steel corner frames at the base corners of the sofa give an extraordinary decorative effect on the leather legs.

Small plus-shape stuffings in contrast stitching colors (as a standard) on seat cushions offer a lighter and more uptrend alternative to ordinary square-tufted seats.

The optional stool (no. ST2) has the matching base frame design.

Minimalism is always an option within the KELVIN GIORMANI collection. Model COMISO I is for people who love simple lifestyle.

Leather legs appear to have no seam from sofa frames to legs creates a smooth continuation from frame top to bottom..

AIDONE II 0217

SXRHM

4LAHM

AIDONE II 0217

The back height before opening the mechanisms is the highest ever from the KELVIN GIORMANI collection. It gives the best ever comfort for a sofa with head mechanisms.

Solid stainless steel legs with smooth and round corners well match the design of Model AIDONE.

Head mechanisms from Germany with various locking positions deliver extra comfort when needed.

A low and flat arm design which is rarely found on sofa models with head mechanisms.

AIDONE I 0216

4DHM

3DHM

AIDONE I 0216

Model AIDONE I is simply a version of the model without the stainless steel legs.. It shows the beauty of pure leatherwork

AIDONE I 0216

Head mechanisms from Germany with various locking positions deliver extra comfort when needed.

The optional coffee table (no. STC3W) can always be custom-made with the matching leather color of the leather sofa group.

GANGI II 0211 4RA SXL

"Ripple" tuftings on back cushions (with contract color stitching as a standard) give highlights to a minimal back cushion design of Model GANGI.

The optional coffee table (no. STG3B) can always be custom-made with the matching leather color of the sofa group

The optional headrest (no. HR2) gives additional support from neck to head.

Solid aluminum frame insert (8mm thickness) within sofa arms.  
The aluminum inserts are placed at a bold and eye-catching level of the sofa.

CANGI I 0210

1.5RASM

4LASM

CN

Model GANGI I is the "lighter" version of the model which does not have the "heavy metal" accessories of Model GANGI II.

The optional stool (no. ST2) has the matching base frame design

The optional headrest (no. HR2) gives additional support from neck to head.

Model DANTE (no. AC51) was designed to match Model TREVI (from the March 2010 Collection). It can also well match with sofas which have relatively round profiles.

The generally square-look of Model MICELI (no. AC44) makes it matchable with many modern European style sofas. If people prefer a chrome and swivel base, the alternative design, Model RIANO (no. AC43), will be a perfect choice (please check P. 13)
