NORCIA 0191

1DVHM
STC3B

3DHM

The deliberate wrinkles in the middle of the sofa back not only become the design focus of Model NORCIA, they also bring up the luxury form of natural leather.

Optional coffee table (no. STG3B) comes with the curve shape at the both sides match beautifully with the sofa seat frame front.

The single-seater (armchair) of Model NORCIA has an option with swivel base.

NORCIA 0191

The various curves at the side of the sofa connect one another all the way from the base through the arm to the movable head support. They constitute a "S" shape resembles a beautiful human body curve.

German-made head mechanisms (with various locking positions) offer extra comfort and head support when needed.

11XL

NEPI 0188

"To Taper for Better" is the design statement for Model NEPI. The tapered sofa arms, the tapered sofa base and the tapered chaise terminal give the clean-and-simple design sofa some eye-catching elements.

Optional headrest (no. HR2) creates extra support and comfort for your head.

Optional stool (no. ST2) resembles the clean design of the sofa seat frame front.

Model MATESE is particularly designed to well present a medium-size sofa composition. The T-cushion seats make the composition look wider with the current wide of around 290cm. The relatively thin arms reserve more space for seating.

The bent solid stainless legs resemble the shape of the curved sofa arms.

German-made head mechanisms (with various locking positions) offer extra comfort and head support when needed.

Optional coffee table (no. MTC8) comes with the matching design of the solid stainless steel “double” legs and a tempered glass top.

GIANO 0194

SXR

4LA

Model GIANO is a clean-cut and timeless model which has its unique design element on its sofa legs.

The unique L-shape of the sofa leg brings the attention to Model GIANO all the way from the front through the side to the back of the sofas.

Optional stool (no. ST2) comes with matching stainless steel legs.

Simple-and-comfortable is also a key selling point of Model GIANO. With the feather-and-foam (high density polyurethane foam) structure on back, seat and arm cushions, Model GIANO offers a good balance between the soft-first-touch and the good support from the base.

The 10mm thick solid stainless steel sofa legs give a strong foundation to the light-and-simple framework of Model GIANO.

Optional headrest (no. HR2) creates extra support and comfort for your head.

Recliner PRECI (AC 40) comes with German mechanisms and the matching stainless steel legs.

GIANO 0194

The 10mm thick solid stainless steel sofa legs give a strong foundation to the light-and-simple framework of Model GIANO.

The unique L-shape of the sofa leg brings the attention to Model GIANO all the way from the front through the side to the back of the sofas.

TREVI 0189

4RA

LXL

Both back and seat cushions are composed of high density polyurethane foam and natural feather on top which bring comfort and support at the same time.

Model TREVI shows off the beauty of round edges which can be found at arm & seat frame base, arm & seat cushions, back frame, etc.

Optional headrest (no. HR) creates extra support and comfort for your head.

Optional stool (no. ST2) comes with matching solid stainless steel legs (12mm thick).

TREVI 0189

The back frame is supported by a series of solid stainless steel fittings (12mm thick) which creates a particular see-through visual effect.

The angular shape stainless steel fittings at the back frame match perfectly with the solid stainless steel legs (12mm thickness).

The angular shaped solid stainless steel legs enhance the contemporary flavor of Model TREVI.

18 cm tall stainless steel legs create a lot of open space. It gives Model TREVI a good balance between an eye-catching back frame and a light & clean seat base down under.

KELVIN GIORMANI

Luxury Sofas

Model BASELICE is the "Part Two" of Model PERINI (Spring 2009 Collection). Continuing the "Up-side-down Pyramid" look at the sofa base, Model BASELICE extends the round concept from the cushions and arms to the entire frame of the model

BASELICE 0196

3NR

4BL

The peninsula terminal of the new sofa unit (no. 3NR or 3NL) gives a fresh new look to corner sofa sets.

Optional coffee table (no. RTC3W) comes with the round shape matches beautifully with the sofa composition.

Optional headrest (no. HR1) creates extra support and comfort for your head.

TODINA II 0199

LXR

4LA

ST2

The tufted diamond-shape cuttings on the seat cushion tops of Model TODINA II gives the model additional value for those who appreciate extra handwork and showy details.

Optional headrest (no. HR2) creates extra support and comfort for your head.

The round concept defines almost all facets of Model TODINA. It offers a design alternative for those who want something different from the conventional square-look on European modern style sofas.

Optional stool (no. ST2) resembles the tufted diamond-shape cuttings of the seat cushion tops and the double seat frames.

The reduced-size sofa double-base not only creates a vivid segmentation between the seat frame and the sofa base, it also gives a lighter appearance to Model TODINA.

TODINA I 0198

4D

AC12

The clean version, TODINA I, possesses a clean-look at the seat cushion top.

TODINA I 0198

The ALVIANO (no. AC 42) armchair has an option with swivel base.

SORANO 0186

4D

1D

Model SORANO is a simplified version of Model FORETTI (Spring 2009 Collection). Again, being inspired by the western living-room furniture style in the 50s/60s, Model SORANO has the design characteristics of slim & tight arms, extra tall legs, low back and squares-on-seats.

Optional headrest (no. HR1) creates extra support and comfort for your head.

The tufting effect, only on the seat tops is a feature for those who are fond of detail craftsmanship on sofas.

The new solid stainless steel leg (12mm thick) of Model SORANO is an upgrade from Model FORETTI.

Optional stool (no. ST2) comes with matching solid stainless steel legs (12mm thick).

STG3W

VIESTE II 0201

The showy version, Model VIESTE II, presents the cross-over between modern minimalism and classic sofa feature of "chesterfield" tufted buttons.

The tufted button feature runs 360 degree around the entire seat frame and top. It can only be realized through tremendous investment on highly-skilled handwork. The handwork shall be easily appreciated when you find there are more than 150 tufted buttons on the composition of sofa and chaise.

Optional headrest (no. HR2) creates extra support and comfort for your head.

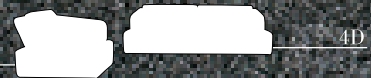

Optional coffee table (STG3W) resembles the "chesterfield" tufted button feature which matches perfectly with the sofa seat frame of Model VIESTE II.

VIESTE 1 0200

TDV

4D

The square-and-clean seat frame plus the single continuation of back frame and sofa arm constitute a timeless sofa piece which presents the minimalistic side of the KELVIN GIORMANI Spring 2010 Collection.

Optional headrest (no. HR2) creates extra support and comfort for your head.

VIESTE 1 0200

The inclined and slim-look back frame of Model VIESTE "cuts" onto the seat frame illustrate the beauty of simple-but-not-ordinary.

Optional stool (no. ST2) resembles the clean design of the sofa seat frame top and front.

The single-seater (armchair) of Model VIESTE has an option with swivel base.
