08

CAVALLO IV 0365B

The design of Model CAVALLO was inspired by one of the 12 animals of the Chinese zodiac, which is HORSE. For the most part of 2014, it's the year of HORSE according to the ancient Chinese calendar. A horse inspired model certainly fits in the KELVIN GIORMANI 2014 Collection. The sofa arms and legs of Model CAVALLO resemble the posture of a running horse.

09

CAVALLO IV 0365B

CAVALLO III (0365A) and CAVALLO IV (0365B) were designed with the original scale of a "running horse", and that's why the width of the sofa arms and legs are wider than those of CAVALLO I (0364A) and CAVALLO II (0364B).

The difference between versions "A" and "B" is that both Model 0364B and 0365B have a decorative stainless panel at each sofa arm side. It's like an option for those who would like more accessorizing features on sofas.

Optional headrests are available for enhancing the comfort.

Optional coffee tables (STG3W) which have the design matching with the sofa seat frame.

Luxury sofas can go well with bold multi-color concept. Are you ready to try four personalized leather colors in one sofa?

16

CAVALLO I 0364A

CAVALLO III (0365A) and CAVALLO IV (0365B) were designed with the original scale of a "running horse", and that's why the width of the sofa arms and legs are wider than those of CAVALLO I (0364A) and CAVALLO II (0364B).

On the other hand, with a lighter scale, CAVALLO I (0364A) and CAVALLO II (0364B) can better fit in smaller living rooms of metropolitan homes.

It's not rare to find other horse inspired sofas that are associated with classical design concepts. On the contrary, CAVALLO has a distinctive modern flair and is a truly unique design piece.

VELOCE II 0381

Designing contemporary sofas, we love to work on genuine leather as creatively and fashionably as designers do for conventional fashion goods like, shoes, handbags and garments.

For Model VELOCE, we incorporate 2 different types of fashionable leather-crafting features (optional) into the sofa arm and back frames. The first one is diamond-pattern stitching (VELOCE II 0381). The second one is genuine leather perforation with contrasting-color inlay (VELOCE III 0382).

The clean & minimalistic version of the model is VELOCE I (0380) which does not come with any of the 2 optional leather-crafting features.

A specially designed armrest cushion (A142) is available as an option.

The version that comes with the diamond-pattern stitching is VELOCE II (0381).

VELOCE III 0382

The version that features genuine leather perforation with contrasting-color inlay is VELOCE III (0382).

For the contrasting-color inlay, there are 6 different color options (details in page 33).

VELOCE II 0381

Incorporating fashionable leather-crafting features into contemporary sofa designs is always a signature design concept of KELVIN GIORMANI sofas. The way that the diamond-pattern stitching is featured on Model VELOCE tells us that sofas can also be fashionable!

Optional coffee tables (STG3W) which have the design matching with the sofa seat frame.

VELOCE III 0382

Optional headrests are available for enhancing the comfort.

The arm width of VELOCE armchair (1DAC) is about 5cm shorter than that of the sofa, which gives a better scale for an armchair.

The unconventional shapes and forms of Model VELOCE creates an eye-catching view in 360 degrees on the armchair.

VELOCE III 0382

VELOCE III (0382) features genuine leather perforation with contrasting-color inlay.

For the contrasting-color inlay, there are 6 different color options. They can be customized with any leather within the KELVIN GIORMANI leather collection.

MARE I 0388

The design of Model MARE was inspired by the shapes and forms of a seashell as well as the beauty of its natural lines and grooves on the seashell surface.

The first version, Model MARE I (0388), resembles a seashell's original shapes and forms in the greatest extent among the 3 versions within the family of Model MARE.

The genuine leather folding effect is used to express the beauty of the natural lines and grooves on a seashell surface. Through this effect, the back comfort can also be enhanced.

Optional stool (RT3) is available with a round shape which well matches the beautiful curves of Model MARE I (0388).

66

MARE VI M0390

To make it easier to be appreciated by conventional families, we have created another 2 versions of Model MARE. The first one is Model no. 0390 where the leather folding effect is kept to better preserve the original design inspiration. Curved metal legs are added which go along with the generally round shape of Model MARE.

Optional coffee tables (STC3B) which have the design matching with the sofa seat frame.

67

68

MARE VI M0390

69

The generally curved shape of Model MARE is extended to the sofa back frame.

MARE VI M0390

There are 3 options of sofa legs. The first one is made with curved solid stainless steel that is chromed with dark nickel color. The prefix of "M" shall be added to the model number to identify this leg option (e.g. M0390 or M0389).

The second optional leg is made with curved solid stainless steel with matt finishing. The prefix of "S" shall be added to the model number to identify this leg option (e.g. S0390 or S0389).

To remind people about the original design inspiration of Model MARE, a special wooden leg (optional), which resembles the shapes and forms of a spiral seashell, is available. The prefix of "H" shall be added to the model number to identify this leg option (e.g. H0390 or H0389).

The third version Model no. 0389, which is the clean version of Model MARE, was designed for those who appreciate minimalism. The original leather folding effect at the back front is eliminated.

86

COMODO VIII M0385

One of the key characteristics of Model COMODO is that it has more curve-frame items (SKUs) than most of the other KELVIN GIORMANI models have. It opens a lot of possibilities to create large or small curved compositions for living room with different sizes.

Large round-and-curved sofa composition being placed at the center of a master living room can easily become the focal point of a luxury home.

87

For those who appreciate curves, there will be a lot of nice viewing angles you can find from Model COMODO.

Optional round coffee tables (RTG3W) which have the design matching with the sofa seat frame.

Besides diamond-pattern stitching, there is one more fashionable leather-crafting feature option can be added onto Model COMODO, which is genuine leather perforation. This feature can be applied from the seat frame front through the arm frame top and all the way around the back frame top.
