

MOBi

Founded in 1983, Mobi is one of the leading high-end contemporary furniture manufacturers in Turkey. A pioneer in the fields of woodworking and furniture design, Mobi has brought home several international design awards and world-wide recognition. The company is based in the ancient city of Bursa in Turkey, which is also an industrial hub today. In Bursa, Mobi is able to harness elements of a rich cultural heritage, interpret it through its language of design and manufacture its world-renowned furniture by using traditional craftsmanship and cutting-edge technology. This manufacturing system, which brings together tradition with technology, allows for innovation, perfection in quality and also customization.

Besides manufacturing contemporary design furniture for residential use, Mobi offers its exclusive services also in the contract industry. From the initial design conceptualization to the final installation, Mobi is able to deliver its contract clients a fully integrated experience, anywhere in the world. A highly skilled and flexible team of architects and engineers work in the design department where the best solutions for client's needs are sought and implemented. Completed projects include luxury hotels, residences and offices.

On its 40th anniversary, Mobi introduces The Africa Collection, where the inspiration from the Mother Continent reveals itself in both wooden furniture and upholstered seating elements. Conceived by designer A.Rasit Karaaslan and brought to life by the artistry of Mobi craftsmen, the collection is influenced by the organic forms and hand-textured surfaces of African vernacular architecture. Unapologetically bold African-inspired prints feature on textiles while multiple shades of the rusty African soil inform the color palette.

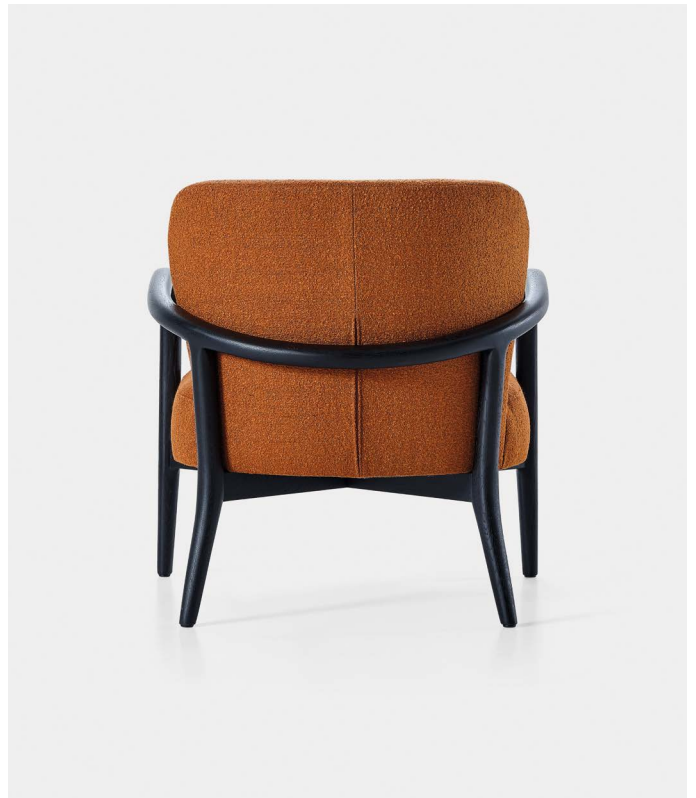

A. Raşit Karaaslan
Designer

Celebrating its 40th anniversary, Mobi's artful journey started in Bursa, Turkey in 1983. Founded by the award winning furniture and interior designer A. Rasit Karaaslan, Mobi is the most well known manufacturer of contemporary design furniture from Turkey. The timeless and universal appeal of the designer's work has won him and Mobi several prestigious international design awards. His signature style involves the use of rounded forms and organic lines within a contemporary aesthetic and accentuating the beauty of wood. Right from the beginning, designer A. Rasit Karaaslan was keen on introducing Turkish design and craftsmanship to the high-end furniture market around the globe. It is his visionary approach, combined with superb woodworking skills of its artisans, that made Mobi into the world-renowned company it is today.
