# Amón Collection

Designed by Gabriel López

Amon -"He who dwells in all things, the Eternal "- a deity known as so sacred that it was not possible to be seen by mortals and the gods. Represents the strength, power and the life. We have extracted the pure essence, long-lived and noble to give character to our pieces. Slatted wood strips as spectacular as marble, stone and natural wood, magnify its beauty through the sinuous shapes and textures uncovered. This allows these elements to become the essential components of these pieces, breathe this image of power, good taste and elegance that represents our collection.
