

Please also note our general details and sales information

Edition 29.08.2024

Errors and amendments excepted. Our General Terms and Conditions are effective. / WEEE-Reg.-No. DE 69718127

DESIGN

CONSTRUCTIVE DESIGN

All the materials used correspond to the requirements according to RAL-GZ 430/3

Fully upholstered bench, metal base frame with wooden back

Seat upholstery structure: zig-zag springs, Dacron, polystyrene foam VW 40, Diolen

Back upholstery structure: polystyrene foam, Diolen

UPHOLSTERY CASUAL / LOOSE

With casual upholsteries you are rather sitting „in the sofa“ than on it, the upholstery snuggles. A casual/loose upholstery is characterized by a smooth upholstery structure. The cover is not wavelless. The ridge of the covers on the seat, back and armrests as well as sitzmarks due to the model and design are typical.

BACK TENSIONING SECTIONS

All back tensioning sections are supplied as standard with the original cover.

LEGS

Wooden leg solid no. 1 optionally available in:

- beech (UV laminated with oil effect)
- wild oak (UV laminated with oil effect)
- wild oak black stained (lacquered)

Round pipe runner no. 2 optionally available in:

- stainless steel optics
- metal powder-coated structural black mat

Sword runner no. 3 against extra charge see price list optionally available in:

- nickel satined (stainless steel optics)
- metal powder-coated structural black mat

Metal leg no. 4 optionally available in:

- stainless steel optics
- powder-coated structural black mat

COMBINATION OF COVERING MATERIALS

If desired with this model two different covers can be combined.

Here must be indicated the respectively desired covering material with cover part 1 and cover part 2.

With combination of two covering materials different in prices the higher price category will be invoiced as standard.

Fabric- and leather requirement of each cover part on request.

 cover part 1: seat and back

 cover part 2: seat- and back tensioning section

ADD-ON ELEMENTS

The dinner sofas are especially manifold because all add-on elements and add-on corners can be combined among each other as well as arranged separately. As standard connectors are only installed when an add-on corner is combined with an add-on element. Otherwise the add-on sides remain in the respective original cover.

CHAIR

With this model we recommend the suitable chair 1211.

COVERING MATERIALS

You may find the information concerning the specific properties of the covering materials on the sample labels.

Alternative covers of the wide upholstery covering material collection (**exception N-NATURO**) are possible as custom-made product. Therefore an extra charge of all in 20% is valid for fabric and leather.

Please also note our general details and sales information

Edition 29.08.2024

Errors and amendments excepted. Our General Terms and Conditions are effective.

SEAM

Depending on the model, the seam on leather covers may be different from fabric covers, especially on fitted items. Decorative leather seam (as felled seams or double seams) may be omitted depending on the model according to suitability of the fabric covering material.

This model is only worked with selvedge seam.

INDICATIONS OF DIMENSIONS AND REQUIREMENTS

All the values given are approximate values: dimensions in centimetres, material requirements in metres, leather requirements in square metres.

ORDER CHECK LIST

Please pay attention to the following issues respectively to complete specifications when ordering:

- **combination**
- **covering material**, with combination of covering materials **covering material per cover part** (in general N-NATURO is not possible)
- **leg version**, also **finish**

Errors and amendments excepted. Our General Terms and Conditions are effective.

All add-on elements and add-on corners can be combined among each other as well as arranged separately.
