PRISMA mesa formada por formas geométricas regulares que se truncan, definiendo una delgada tapa y patas en su perímetro que se va ensanchando hacia el centro del mueble. Las patas apoyan sobre una fina base metálica, diseñada por Gabriel Teixidó. **KÓNICA** dos conos en equilibrio unidos a través de una pequeña superficie cerca de su vértice. Simple y atractiva mesa redonda. Un plato metálico de 1 cm protege la base del contacto con el suelo, diseñada por Gabriel Teixidó. **ÁREA** línea de tiradores tiradores que se cortan para dar funcionalidad a puertas y cajones, es lo que define Área. Aparador bajo o mueble TV, sencillo y atractivo. Puede combinarse con el estante de pared Prisma, además la tapa puede ser en mármol o madera, diseñada por Gabriel Teixidó. **PEBBLE** el tiempo y la naturaleza dan pie al estudio Wow para diseñar Pebble, un conjunto de tres mesas auxiliares que funcionan juntas o individuales. Basadas en la erosión escultórica del ambiente sobre la piedra y la madera, diseñada por Wow Architects. **MANTA** modificación de la anterior colección Manta. Diseñada por el estudio Wow Architects e inspirado en su estilo natural arquitectónico basado en formas de la naturaleza. Manta sintetiza sus formas manteniendo y aumentando su funcionalidad. **SHARON** elipses, curvas y rectas se entremezclan para crear la escultura de una sencilla y bella silla, este es el argumento que Paco Camus utiliza para el diseño de Sharon. Estas son nuestras **Novedades 2021**.

The **PRISMA** dining table designed by Gabriel Teixidó has a uniquely shaped thin top and angled legs on a metal trimmed base. The **KÓNICA** dining table also designed by Gabriel Teixidó features a 2 cone shape pedestal on a thin metal plate. The collection also offers the **AREA** sideboard and media cabinet which are available in several wood and lacquer finishes in different sizes. The design characteristic are the finely designed handles for the otherwise clean. Contemporary design the **AREA** cabinets are also available with marble tops. These cabinets can be combined with the **PRISMA** wall mounted shelves which can be equipped with LED light. The **PEBBLE** collections of occasional tables designed by Wow Architects consists of three occasional coffee tables which can be combined into sets or used individually. They are available in a choice of wood finishes with 3 different marble and metal options. The **MANTA** collection designed by Wow Architects features the modified sideboard with sculptured door handles and a home office desk inspired by their natural architectural signature. **SHARON** ellipse, curves and lines intermingle to create the sculpture of a simple and beautiful chair, this is the argument that Paco Camus uses for Sharon's design. **These are our New 2021**.
