COFFEE TABLES

**Oak heartw. natural
oak heartw.Umato brushed**

**with brushed surface
and lacquered**

EFFECTIVE APRIL 1, 2024

Sustainable raw materials

We only harvest our solid wood from sustainably managed forests and we use special water-based paints that protect the environment.

Made in Germany since 1911

We are the third generation to produce in Münsterland and are committed to the quality concept „**Made in Germany**“.

Experienced staff

We employ more than 100 employees who are not only well trained, but also enjoy working for us and have been loyal to us for a long time.

Climate-friendly production

Hartmann uses **solar energy** for electricity, heats the production halls with **leftover wood**, reuses **water** and is committed to the **1.5-degree UN target** in the furniture industry's climate pact.

Health & security

Our solid wood furniture is particularly **low in pollutants**, has an **antibacterial** effect and complies with all legal safety standards.

Longevity

Nothing is more sustainable than buying furniture only once. This is ensured by their timeless design, the care for wood and leather and their repairability.

Tree planting project

When it comes to **sustainability**, Hartmann shows **full transparency**. We plant a new tree for every tree used in production.

Tips for long-term enjoyment of our natural wood furniture & leather covers

- All surfaces should be treated with care.
- Do not place any sharp-edged, hot or damp objects on the wooden surfaces.
- Spilled liquids should be cleaned up quickly before moisture can soak into the wood.
- Clean the surfaces with a dry or slightly damp soft cloth.
- Then rub the surfaces dry. No moisture should remain on the surface.
- Please do not use cleaning agents.

Oak heartw. natural

Oak is the classic wood for furniture par excellence. The tree grows almost everywhere in the temperate zones of the world. The wood of the oak has a yellowish colour, is ring-pored and strongly structured. It can therefore be easily distinguished from other woods. The tree is ready to fell after about 80 years. Core oak natural consists of the core boards of the oak trunk, as only this wood has the desired typical features such as core cracks and wing knots.

oak heartw. Umato brushed

For the production of our core oak Umato surface, boards are first selected from the core area of the oak trunk. These core boards show the typical features such as core cracks and wing knots. The sorted goods are then stored in a special chamber for several days before drying and are subjected to a smoking process there. This colors the wood throughout and give it an even dark colour. The character of old oak beams emerges.

**Seit über 100 Jahren produzieren wir unsere Möbel
im eigenen Land und bekennen uns damit klar zum
Wirtschaftsstandort Deutschland.**

AUSGEZEICHNET

NACHHALTIG

SUSTAINABLE ENERGY

Heating with wood residues from production saves 300,000 liters of heating oil each year, thus avoiding around 950 tons of CO₂. 3,800 PV modules on the roofs of the production halls generate 1,080,000 kWh of electricity per year. This avoids over 700 tons of CO₂ emissions every year.

SUSTAINABLE RAW MATERIALS

The wood for our furniture comes 100% from sustainably managed forestry. A new one is planted for every tree used for production. That corresponds to around 7,000 trees a year.

SUSTAINABLE WATER MANAGEMENT

The construction of a circular system is planned for sustainable groundwater extraction: rainwater will be collected over a large area and fed back into the groundwater via a trickle.

SUSTAINABLE CORPORATE STRUCTURES

As a family-run company, we have been producing in Beelen for 110 years and will soon be in the fourth generation. Our employees have been with the company for an average of 26 years.
