**Nice to know:**

With our products made  
of ash heartwood  
anthracite, only the sur-  
face is lacquered. In the  
case of natural cracks,  
the appearance of the  
colour of natural ash is  
possible.

Due to the design, the LED strips are not interchangeable, as they are firmly attached to carrier profiles such as e.g. aluminum profiles and must be glued. In this way, we guarantee a consistently long service life for our lights. We reserve the right to make technical changes to the model and dimensions! Models protected by law! Due to different designs and functions, the dimensions specified on the order confirmation may vary slightly in individual cases.
