

Please also note our general details and sales information

Edition 27.01.2025

Errors and amendments excepted. Our General Terms and Conditions are effective. / WEEE-Reg.-No. DE 69718127

## DESIGN

### CONSTRUCTIVE DESIGN

All the materials used correspond to the requirements according to RAL-GZ 430/4.

Single daybed with metal frame

Seat upholstery structure: rubber straps, Dacron, polystyrene foam VW 50, 70% foam sticks VW 40, 30% silic. hollow fiber, Diolen

Back upholstery structure: rubber straps, polystyrene foam, 70% foam sticks, 30% silic. hollow fiber, Diolen

### UPHOLSTERY VERY CASUAL

With casual upholsteries you are rather sitting „in the sofa“ than on it, the upholstery snuggles. A particularly casual upholstery is characterized by a very comfortable and soft surface. Even when new or after initial use, the covers can show a clearly visible wave pattern on the seat, back and armrests, which is unavoidable due to the design, construction and material and will increase with use. The size of the sewn covers also has a similar influence on sinking and cover stretching. The softer the upholstery and the larger the seat surface, the greater the sinking in and ultimately the cover stretching. This high quality upholstery with bay quilting contains a flexible mixture out of loose filling material as foam sticks and/ or plumes that enables a point adaptation to the body. For this the fillings are worked in separate bays that according to the cover come more or less apparent. Sitzmarks are due to model and design typical.

## FUNCTIONS

### I HEAD PIECE ADJUSTMENT

The head piece is manually adjustable by a bearing that allows different positions.

### II FUNCTIONAL BACK AND LEG PART

The footrest and backrest can be adjusted separately and continuously by motor. Operation is via a control panel on the side.

The **daybed P4** also has a built-in rechargeable battery. **Please charge the battery completely before first use.**

**Daybed P** is only operated with mains current.

## LEGS

Flat steel cantilever frame in powder-coated structural black mat

## CONTRAST STITCHING

The production is carried out either **with contrast stitching** or with a **thread (tone on tone)** matching the leather in terms of colour.

### CONTRAST STITCHING

With leather covers and with fabric 13-BISON a **contrast thread colour** must be explicitly chosen.

Unfortunately with fabric and microfiber covers without leather part a processing with contrast stitching is not possible (**Exception 13-BISON**).

### THREAD TONE ON TONE

The model is worked with a thread matching the cover in terms of colour (tone on tone).

LIGHT GREY 0321

BEIGE 1222

NOUGAT 0281

GREY 0415

DARK BROWN 1002

BLACK 4000

RED 0504

DARK BLUE 0827

Please note: Do not sit on the back otherwise the daybed could overturn. The same applies to the raised leg part. The joint is not designed for use with the entire weight of the body.

## NECK CUSHION

### Counter weight

without magnet, cushion fixation via an affixed counter weight.

Please also note our general details and sales information

Edition 27.01.2025

Errors and amendments excepted. Our General Terms and Conditions are effective.

### SEAM

---

Depending on the model, the seam on leather covers may be different from fabric covers, especially on fitted items. Decorative leather seam (as felled seams or double seams) may be omitted depending on the model according to suitability of the fabric covering material.

The model is only worked with selvedge seam.

### COVERING MATERIALS

---

You may find the information concerning the specific properties of the covering materials on the sample labels.

### INDICATIONS OF DIMENSIONS AND REQUIREMENTS

---

All the values given are approximate values: dimensions in centimetres, material requirements in metres, leather requirements in square metres.

### ORDER CHECK LIST

---

Please pay attention to the following issues respectively to complete specifications when ordering:

- **article**
- **covering material**
- with leather covers **production with or without contrast stitching**
- with version with contrast stitching **colour of contrast thread**

Retail Price List

good till cancelled

Edition 27.01.2025

Errors and amendments excepted. Our General Terms and Conditions are effective.

**MOTOR-DRIVEN FUNCTIONAL DAYBED** Leg part and back adjustable for a comfortable relax position. With maximum adjustment the total depth is 177 cm.
